### Profile

Mr. Glass has over twelve years of experience in environmental consulting and management. He is skilled in the evaluation and remediation of environmental contamination. Mr. Glass' experience includes Phase I and Phase II environmental site assessments, petroleum and chlorinated solvent site investigations, design and installation of monitoring well networks, aquifer testing, asbestos and biological remediation and project supervision, preparation of facility Spill Prevention Plans for above-ground and underground storage tank facilities, and mold investigation and remediation.

### Skills and Experience

Provided expert testimony in federal court regarding petroleum hydrocarbon contamination of soil and groundwater. Provided expert testimony in circuit court pertaining to heavy metals contamination and remediation.

Conducted numerous investigations to delineate hydrocarbon contamination originating from leaking underground storage tanks in Pennsylvania and West Virginia.

Responsible for supervision of technicians and subcontractors during the installation of dual-phase extraction remediation systems and air sparging systems.

Experienced with presenting complex information to a wide variety of stakeholders having diverse technical backgrounds and interests.

Directed collaborative efforts involving geologists, engineers, environmental scientists, and other specialists to attain regulatory compliance under various frameworks.

Point of contact for a variety of state and federally led projects under the US Army Corps of Engineers, W.Va. Department of Transportation, W.Va. Department of Environmental Protection, Pa. Department of Environmental Protection, N.J. Department of Environmental Protection, US Fish and Wildlife Service, US Forest Service, US Postal Service, and US Environmental Protection Agency.

### Education

Graduate coursework in Soil Sciences, West Virginia University, Morgantown, 1996-2000, 2005.

B.S., Environmental Sciences, West Virginia University, Morgantown, 1993.

### Certifications
